

Teleconference Report

Date : Nopember 19, 2014, 17.00 – 18.00 JST

Place : Faculty of Medicine Universitas Gadjah Mada – Kobe University School of Medicine

Attendees : Kobe University : Prof. Noriaki Emoto, Dr. Kazuhiko Nakayama, Dr. M. Gahan

Satwiko, Ms. Yoko Suzuki, Mr. Takuya Okano, Dr. Hari Sakti, Dr. Dite

Universitas Gadjah Mada: Dr. Lucia Kris Dinarti, Dr. Anggoro Budi Hartopo,

Dr. Hariadi Hariawan, Dr. Dyah Samti Mayasari, Dr. Lia, Dr. Elda (PhD candidate)

Report

The teleconference is the fourth teleconference held during the collaboration scheme. The main discussion in this teleconference is the update of current research project, PhD student and scholarship and the visit of Universitas Gadjah Mada team to Kobe University in 2015.

The summary of the teleconference is as follows:

1. The progress of research in ASD-PH was presented by Dr. Lucia Kris Dinarti, reporting the enrollment of new subjects with ASD. The presentation also reported the prevalence of pregnant patients with ASD-PH. Maternal ASD-PH posed the risk to mortality while delivery the baby, and the data regarding mortality predictor will be interesting.
2. The plan to exchange data and submit as a manuscript will be in two topics:
 - The pattern of prevalence of ASD-PH between Yogyakarta (Indonesia) and Kobe (Japan)
 - The mortality predictors of pregnant ASD (clinical, echo, biomarkers predictors)
3. The visit to Kobe University Japan was planned to be held in February 16-21, 2015.
4. The possibility to send the blood sample of subjects to Kobe University to perform biomarker measurement. The issue about material tranfer agreement (MTA) was discussed.
5. The next teleconference will be held in December 19, 2014.
