

## Teleconference Report

Date : July 16, 2014, 16.00 – 17.00 JST

Place : Faculty of Medicine Universitas Gadjah Mada – Kobe University School of Medicine

Attendees : Kobe University : Prof. Noriaki Emoto, Dr. Kazuhiko Nakayama, Dr. Gahan Satwiko,  
Dr. Dite, Ms. Yoko Suzuki, Mr. Okano

Universitas Gadjah Mada: Dr. Lucia Kris Dinarti, Dr. Dyah Wulan Anggrahini,

Dr. Anggoro Budi Hartopo

## Report

The teleconference is the first teleconference held during the collaboration scheme. The main discussion in this teleconference is the exchange of the research project held in UGM and in Kobe University.

The summary of the teleconference is as follows:

1. The presentation of the research project on adult ASD-PH presented by Dr. Dyah Wulan Anggrahini reporting the current situation and progress of ASD-PH project in Dr. Sardjito Hospital Yogyakarta. In this presentation Dr. Wulan focused on haemodynamic measurement, clinical presentation and potential genetic and biomarkers of ASD-PH. Dr. Lucia Kris Dinarti gives talk about her clinical experience treating adult patients with ASD-PH.
2. The presentation of research project on PH in Kobe University Hospital presented by Dr. Kazuhiko Nakayama reporting the current situation of PH in Japan. In this presentation Dr. Nakayama focused on the serial cases of successful treatment of CHD-related PH with medication and surgery. Prof. Noriaki Emoto adds the policy of Japanese Government regarding screening and case finding of CHD in Japan.
3. The brainstorming and discussion about difficulties encountered in the projects, especially in the availability of research grant and sophisticated equipment.
4. The consensus of data sharing and publication in scientific meeting and journal is also discussed in this teleconference
5. The next teleconference and update of current project will be held in August 27, 2014 , 17.00 – 18.00 JST.
