Report

The teleconference is the second teleconference held during the collaboration scheme. The main discussion in this teleconference is the update of current research project and the plan to submit the project in the international scientific meeting.

The summary of the teleconference is as follows:

1. The presentation of current data on ASD-PH project by Dr. Dyah Wulan Anggrahini reporting the mortality and morbidity of ASD-PH in Dr. Sardjito Hospital Yogyakarta.
2. The submission of the current result of ASD-PH project to the international scientific meeting in the year of 2015. The result will be the combined data from UGM and Kobe University. The scientific meeting intended are: The 79th Annual Scientific Meeting of the Japanese Circulation Society, The 17th Annual Meeting of Japanese Society for Adult Congenital Heart Disease and The 14th International Conference on Endothelin.
3. The site visite of Kobe University School of Medicine lead by Professor Noriaki Emoto to UGM in October 12-15, 2014. The schedule and itinerary of the site visite is discussed by team members. The exact schedule will be decided later.
4. The next teleconference and update of current project will be held in September 24, 2014 , 17.00 – 18.00 JST.
