Report

The teleconference is the third teleconference held during the collaboration scheme. The main discussion in this teleconference is the update of current research project and the visit of Prof. Emoto team to Universitas Gadjah Mada in October 2014.

The summary of the teleconference is as follows:

1. The visit of Kobe University School of Medicine lead by Professor Noriaki Emoto to UGM in October 12-15, 2014.
2. In the first day (October 13), the team will have a courtesy meeting with the Faculty of Medicine UGM and the staff of Department of Cardiology and Vascular Medicine. The project meeting will be held in the first day. The first day will be end with dinner with faculty member.
3. In the second day (October 14), Mini seminar and Continuing Medical Education (CME) will be held with the topic of CHD-PH. The speakers will be the clinician and expert from UGM and Kobe University. Dinner with Prof. Emoto alumniees will be held in the end of the day, around 10 alumniees are expected to join the dinner.
4. In the third day (October 15), Hospital visit will be held to look around Dr. Sardjito Hospital especially in Cardiology Unit, Echo lab and Cath-lab.
5. The plan to exchange data and submit an abstract for Japanese Circulation Society Meeting 2015 is discussed. The abstract will contain data of ASD-PH from Kobe University and UGM with shared authorships.
6. The plan to make website of the project to go public.
